Mufon says humans have died when they came into contact with ET corpses from crashed UFOs. See Hanger -1- Season #2 Episode #8 "Smoking Gun". (**Clifford Stone Army Crash, Recovery & Disposal Cover Team**). Also see Hanger -1- Season -1- Episode #4 Crashes & Cover-ups" In the Coyame Mexico Crash of 1974, four Mexican Crash & Recovery Soldiers Died after being exposed to dead ET bodies. Mexico was forced to turn the operation over to the American CIA team. The bodies were then ship to Whiteman AFB. Finally, in January 20<sup>th</sup> 1996 a UFO crashed at Varginha Brazil saw some of ETs survive. However, these ET were running lose all over town. A local cop Marco Cherese caught one but the Men In Black showed up and took over. Officer Cherese died 2 weeks later in the hospital of an unknown infection.

*Susan my ET mate says: Some ET races from lessor evolved civilizations come to earth in only in solid physical bodies. These civilizations have not master the many dangers of space travel. They use systems on their ships that are extremely deadly to humans. When they get into trouble we try to help minimize the biologicals and toxins allow under karma. Unfortunately, we are not allow to clean up the crash sites 100%; it is more like 50%.*
